

A NEW HORIZON IN MAKEUP

SUNTAN IN A SPRAY

That's so
sun makeup

The difference between a traditional Make up and That'so Sun Makeup

Make-up

Takes at least 10 minutes

Lasts only 1/2 a day

Doesn't let your skin breathe

That'so Sun Makeup

You apply it in only 6 seconds

Lasts from 3 to 6 days

It has skincare and anti-aging properties

Sun Makeup is an innovative, modern "total beauty" concept.

As of today, you can tan and take care of your skin all in one: an instant, even, bronzed colour that lasts for days. Sun Makeup is the first product of its kind to give you that "sun-kissed" look, without blocking your pores, and leaving your skin naturally beautiful.

It's not ordinary Make-up. It's Sun Makeup

YOUR SKIN TANS IN JUST 6 SECONDS

Perfect for a cocktail party

Fabulous at "the" party

Ready for the beach

Always with a great tan anytime you want

TOTAL BODY TS 765 A Autospray

USE: "PROFESSIONAL" for TS 765
LASTS: 5/6 DAYS
RESULT: 10% DHA COLOR +++

USE: "PROFESSIONAL" for TS 765

That'so uses exclusively patented MicroCore Technology to apply the self tan solution: the ultimate delivery system for self tanning products that allows an application time of just 6 seconds for an intense and natural looking tan.

The Microcore Technology is used with a patented electrostatic system, which attracts the atomised solution directly to the body, beautifully and evenly.

4 self cleaning nozzles atomise for complete and even coverage with almost no overspray. The application is perfect, using less solution and leaving a cleaner cabin.

The open design of the unit enhances the quality of the session... no claustrophobia, just the pleasure to wear a tan. The Autospray is easy to use, and completely automatic: a voice guides the customer through the session, from the choice of tanning level, to the spray session, until the final drying session.

IR (INFRARED) BEAUTY SYSTEM

The infrared light gives a pleasant warm feeling before and during the session. Increased penetration of active ingredients for better result:
+tanning effect,
+hydration,
+ vitality of the skin,
+ protective and restorative effect on the skin.

The absorption and the drying of the lotion is immediate and the result will be more homogeneous.

DARK - 10 LITRES *Self Tanning Spray with Bronzer*

Formulated for use with Automatic Spray Systems. Ideal for customers who want a tan on the go. The bronzer gives an immediate golden colour. Thanks to a revolutionary ingredient, the lotion helps to reduce the appearance of fine line and wrinkles, moreover enhance skin hydration and elasticity.

Lotion available:
• DARK - SPRAY TANNING MAKEUP - ANTI-AGING - DHA 10% LONG-LASTING EFFECT (ULTRA DARK)

The new lotion is designed specifically to enhance skin hydration and protection while providing a golden and with more tanning effect.

Both lotions are without parabens.

PERFECTION - 1 LITRE *Hydra protect cream*

A rich, emollient cream that is available for customers that for hygienic reasons would prefer to create a barrier while walking within the cabin for their spray session.

CLEAR - 10 LITRES *Self Tanning Spray*

Formulated for use and Automatic Spray Systems. Ideal for a gradual tan, an intense gradual colour develops in 3-4 hours and last up to 5 days. Thanks to a revolutionary ingredient, the lotion helps to reduce the appearance of fine line and wrinkles, moreover enhance skin hydration and elasticity.

Lotion available:
• CLEAR - SPRAY TANNING MAKEUP - ANTI-AGING - DHA 10% LONG-LASTING EFFECT

The new lotion is designed specifically to enhance skin hydration and protection while providing a golden and with more tanning effect.

Both lotions are without parabens.

This cream guarantees hygiene, yet allows the customer to maximise the effect of the patented electrostatic system which works at its best with bare feet. Perfection is not to be used as a barrier cream with Sun Makeup solutions which do not stain. It is an added service for customers with particular dry patches.

TOTAL BODY - FACE AND DÉCOLLETÉ

TS Spray Cabin

The TS Spray Cabin is a professional cabin for the application of That'so Sun Makeup. Equipped with internal amp fan and filters, the TS Spray Cabin is very easy to assemble. To turn on the spray cabin, step on the footrest: the light will be activated the fans will start to work. To turn off the machine, simply come down from the footrest.

TS 44 MT Spray Gun

The new That'so spray gun has an application system that takes advantage of the synergic actions between pressurizing and atomising. Thanks to a new design that finely mediates technology and size, the margin of error is practically zero.

A rapid and sure application is easy, even for the novice, reducing the margin of error to practically zero. The addition of the MicroCore Technology allows a precise projection of the lotion towards the skin for an absolutely even and glowing effect.

This spray system is silent; ideal even in zen beauty centres where silence is an absolute. The 1/8 inch tube is flexible and eases movement during the spray session. Top performance and elegant design make this product ideal for the most demanding salon owners.

FACE AND DÉCOLLETÉ Face Compressor

Face Compressor is a spray system that matches latest technology with the smallest dimensions of the line, especially suitable for face and décolleté sessions.

It is a portable device, 100% professional with first-class components, with fashion design to suit in a beauty context, precise, fast, simple to use. Thanks to latest generation spray device, Face Compressor allows perfect application and unmatched results: the result is homogeneous and intensively golden.

ON-THE-GO
TANNING SPRAY

ON-THE-GO 125 ML

That'so has developed an innovative new mini size product that mimics the same wonderful effect of the That'so micro particle professional sun makeup application: a perfect idea for those who want to prolong their tan or want to enter the Sun Makeup world for the first time.

On-The-Go is an ideal product to take along every time you want to give yourself an instant, even and naturally beautiful suntan. In just a few seconds, with a gesture that's simpler than applying make up... your face, neck, neckline, arms and legs will be perfectly tanned. A wonderful colour that only Sun Makeup products can give you! 3 long sunny days, anytime you want, directly on your skin.

This product is available in the clear and dark versions.

Less than a minute is all you'll need, and Sun Makeup will soon be all that you need to look freshly and naturally tanned. Use it everywhere: face, neckline, body and even on your legs...

Apply On-the-Go by starting to spray not directly on to your skin, but sweeping evenly across your face or other areas, maintaining a distance of 20 cm. If necessary, cover your hair and clothes. The bottle can be tipped upside down and will continue to spray perfectly, even in hard to reach places.
